

PISA 83RDE

Dear PSHS 1983 Alumni,

It is with great pride that we welcome you to the inaugural issue of ***Pisay 83rde***, the newsletter created to promote all efforts and activities leading up to our 25th Alumni Homecoming on September 6, 2008. We are all excited about the many activities our fellow alumni are undertaking to support the causes espoused by the visioning group as embodied in the ***Pisay 83rde*** theme and logo—that we are environmentally conscious, that we believe in the tremendous value of supporting research and development, and that we will continue to support our alma mater the best we can.

While there are many important activities happening simultaneously, for this inaugural issue we will highlight two events that are quickly taking shape.

The Philippine Summit will be held on August 12, 2008 in Manila, Philippines. The primary focus is on the environment and the goal is to provide the arena for various professionals to discuss environmental issues and solutions relevant to the Philippine setting. The summit will feature Philippine Science speakers, internationally renowned scientists, and other experts in the field of ecology and environment.

The summit organizers are also asking for suggestions for topics. Please contact Poppop Echevarria at summit2008@pshs83.org. You may participate in the summit discussions via the chat room at <http://pshs83.org/cgi-bin/phpbb/index.php>

The US Branding Team* is almost finished with the Virtual Storefront whereby anyone who supports the PSHS System may purchase clothing and accessory items sporting original designs, with the proceeds from the sales of memorabilia to benefit PSHS and various non-profit activities being sponsored by PSHS alumni throughout the world. We are very excited about this project as it employs the various skills and talents of our US-based alumni in bringing forth an innovative way to raise funds.

Please start shopping at pshs83.org/store. We are very pleased with the designs created by the super creative triumvirate of Joseph (Hong), Jojo (Gorres), and Endo (Pascasio). Remember to tell your friends and family about the virtual store. Shipping is available only to North America, but efforts are under way to make the clothing line available to ship to the Philippines as well.

We will be sending out another newsletter as soon as we have the chance. We aim to make this newsletter an open venue, so please feel free to contact us for any ideas, comments and suggestions.

Let us all work to make our 25th Homecoming a memorable one.

Best wishes,

Ruth Alegre Buchanan
Chief US Marketing Executive
